

ADOPT AN EAGLE NEST
AMERICAN BALD EAGLE FOUNDATION
HAINES, ALASKA

A nesting site for the American bald eagle is an incredible thing to watch. To see these magnificent birds raise their young is a rare treat and the American Bald Eagle Foundation is working hard to make that possible for everyone to witness by training a camera on an active nest each spring and transmitting the live images on its web site until the young fledge in late summer. Funds raised from eagle nest adoptions help to bring this rare experience to homes worldwide.

When you adopt a nest for a year you will receive:

- A topographic map of the Chilkat Bald Eagle Preserve showing the location of **YOUR** nest.
- A beautiful 5X7 photo showing a mother eagle in a nest with two eaglets.
- A certificate of appreciation that shows you support research and educational activities of the American Bald Eagle Foundation.
- A complimentary one-year Individual membership in the American Bald Eagle Foundation.
